The Barnum & Bailey "Greatest Show on Earth" will exhibit at Portland, August 25th, for two performances and street parade will be given. In recent seasons the big circus has had spectacular features but this season the management has gone to untold expense in investing the big circus with a wonderfully brilliant pageant of Oriental splendor entitled "The Wizard Prince of Arabia." This colossal innovation is offered at the opening of the show, thereby doing away with the old, stereotyped "grand entrance" idea which has been worked to death by all the tented aggregations throughout the land.

In this realistic reproduction of the glamorous, eventful days of the land of the "Thousand and One Nights," Barnum & Bailey engage the services of more than 2,000 persons which embraces the dancing activities of hundreds of gaily bedecked coryphees and a grand ballet effect at the finale which leaves a lasting impression.

The spectacle opens with an elaborately decorated setting of Arabia land where there is much confusion over the departure of the Prince and his five wizards who perform modern day miracles in helping their noble master conquer strange domains. The subsequent adventures of the Prince and his wizardly retinue which sets forth from their native heath with horses gaily caparisoned and amid a great and gorgeous spectacle. In quick succession

follows the invasion of King Babar's realm in India where by the magic aid of the five wizards, the Prince is enabled to win the heart and hand of the King's daughter. There's a magnificent wedding feast which is produced in kaleidoscopic splendor, teeming with life, action and color. The ballet finale was pronounced by the press of New York City to be the last word in circus pageantry.

The great Free Street Parade will leave the show grounds promptly at 9:00 A. M., on the morning of show date.

Excursion rates on all railroads. Don't fail to have the children see this "Greatest Show on Earth," and the "Children's Vision of Fairyland, The Wizard Prince of Arabia." And there are clowns galore, 50 of them to delight the children. Don't forget the date.
